

The screenshot shows a dark-themed Python development environment with the following interface elements:

- Top Bar:** Includes tabs for "Function" and "master", a "Current File" dropdown, and various icons for file operations like copy, paste, and search.
- Left Sidebar:** Features a "Changes" section showing 6 unversioned files, a "Commit" section with "Commit" and "Commit and Push..." buttons, and a "Run" section with a "main" tab.
- Code Editor:** Displays the file "main.py" with the following code:

```
#TEST DATA - TEMPERATURE
def temperature(fahrenheit):
    celcius = (fahrenheit - 32) * (5/9)
    return round(celcius, 4)

# INPUTS
r = float(input("insert radius: "))
print(area_circle(pi: 3.1416, r))

money = float(input("insert your money: "))
tax = float(input("insert tax: "))
print(taxes(money, tax))

fahrenheit = float(input("insert your fahrenheit: "))
print(temperature(fahrenheit))
```
- Terminal:** Shows the output of running the script "main.py". The user inputs are shown in green, and the program's responses are in black.

```
U:\PythonProject1\Function\.venv\Scripts\python.exe U:\PythonProject1\Function\main.py
insert radius: 24
1809.56
insert your money: 68
insert tax: 8
73.44
insert your fahrenheit: 73
22.7778

Process finished with exit code 0
```
